

## Pas de Deux Dance Studio Competition Contract

As a DANCER competing with Pas de Deux Dance Studio, I agree to:

1. Practice ALL of my dances at home (including any not going to the competition) with music.
2. Memorize my dances quickly.
3. Listen to and apply all critiques received during class and rehearsals.
4. Support my teammates (everyone competing from Pas de Deux Dance Studio).
5. Display good sportsmanship at all times.
  - a. Try my hardest.
  - b. Be respectful of my competitors, my teammates, and myself.
  - c. Accept the judges' decision without gloating or complaining.

I understand that if I do not know my dances, I may be required to take additional lessons. In extreme cases I may have to pull out of the competition if I miss too many rehearsals.

As the PARENT(S) of a dancer competing with Pas de Deux Dance Studio, I agree to:

1. Enable my dancer to practice at home. This includes giving them time to practice, and having their performance music in a format they can access for ALL of their dances (including those not going to the competition).
2. Make sure my dancer is at class EVERY week!
3. Keep my dancer's schedule free for extra rehearsal days (Fridays in January, February and March) until the rehearsal schedule is finalized.
4. Attend the mandatory competition meeting (Wednesday or Thursday evening before the competition).
5. Have my dancer at the competition venue on time with hair and makeup done.
6. Support the studio by attending my dancer's competition time, as well as the times for other dances from the studio.
7. Display good sportsmanship at all times, including being respectful of all dancers, teachers, judges and staff at the competition, and accepting the judges' decisions.

I understand that my dancer may be required to take additional lessons if she/he does not know the dances or misses too many rehearsals. In extreme cases, my dancer may be pulled out of the competition (with no refunds).

Name: \_\_\_\_\_ Signature: \_\_\_\_\_ Date: \_\_\_\_\_

SOLO, DUO and TRIO dancers and parents also agree to:

1. Memorize their choreography immediately after learning it so it will not need to be retaught at the next lesson.
2. Schedule extra private lessons as needed.
3. Make all of the group dances top priority. If any of my group dances are going to competition, I am required to compete with that dance in addition to my solo, duo or trio.

I understand that the solo, duo or trio will be pulled from the competition (with no refund) if any of the group dances begin to suffer, or are not being made a priority.
